Year Completed

2009

Building Use

Private Home

The Watergrove Manor is a former 1920's Water Authority Pump House set within 900 acres of the Watergrove Country Park. In 2008 the property began its transformation in to one of the finest private residences in the North of England winning several design awards.

- The owners of the property contacted us directly to supply tiles and mosaics.
- They selected Simena Honed Limestone tiles in 600x400mm for the pool area walls and floors and the kitchen floor.
- The clients also asked to source 90m² of iridescent purple glass mosaics for the swimming pool.
- On the bathroom shower wall they selected our Java Honed Black Basalt tiles in 600x400mm.
- In the dining room they selected Brazilian Grey Honed Slate in 600x400mm.
